□ □ □ □ □ □

A diagram consisting of three identical groups arranged horizontally. Each group starts with a solid black diamond symbol, followed by a horizontal row of eight empty square boxes. The groups are separated by small gaps.

◆□□□□□□□◆□□□□□◆□□□□BOX

A diagram of a 16-bit register. It consists of a horizontal row of 16 rectangular boxes. The first 8 boxes on the left are grouped together by a vertical line, and the last 8 boxes on the right are also grouped together by a vertical line. To the left of the first group is a solid black circle, and to the right of the second group is another solid black circle.
